

How it works

Discover a new way to use your Club Points with an exclusive travel programme designed to provide eligible Club Points Owners with the flexibility and convenience of choice.

Expand your world beyond the Club with Travily's global collection of hotels and resorts – enabling you to access a multitude of countries, destinations and hotel chains with ease.

Using Travily is easy. Simply log in through the **Anantara Vacation Club website**, open the Browse Destinations page, and click on Travily. You should seamlessly be transferred to the Travily website where you can convert your Club Points, browse offers, and book accommodations directly with Travily.

For more information, please refer to the Frequently Asked Questions below, or contact **Club Services**.

How do I convert my Anantara Vacation Club Points to Travily Points?

There are 2 options to convert Anantara Vacation Club Points to Travily Points*:

1. Speed Conversions

Speed conversions are easy and instant! Just navigate to Travily from the Browse Destinations page on the Club website. Then convert Club Points from your allocation for the current year to Travily Points, which you can immediately use to book accommodations through Travily.

2. Standard Conversions

For standard conversions, select My Points Conversion on the Browse Destinations, click on “convert now” under Travily, and select “Travily Standard Conversion” from the drop-down menu. Or you can contact Club Services. Points will be available to you in mid-January of the following year.

Club Points Owners must borrow their following year's Club Points for standard conversions. Please note that, to borrow these Club Points, the following year's Club Fees must be paid in full. The cut off for a Standard Conversion is the second Friday of December of each year.

Please note that any Club Points that have been carried over from their original 12-month validity are ineligible for conversion to Travily Points.

Each conversion will be charged at USD 99

What is the minimum number of Club Points required to convert to Travily Points?

Travily has no limitations when it comes to points conversions. You can convert as many or as few points as you like, providing you with the ultimate travel booking flexibility.

How can I make a booking using Travily Points?

You can convert your Club Points, as well as browse and book accommodations, directly with Travily.

Just log in to the Club website, then open the Browse Destinations page, and click on Travily.

Due to security reasons, Anantara Vacation Club Services is unable to reserve rooms on your behalf within the Travily network. We therefore advise you to plan in advance to ensure you can book your desired hotel and room. If you are having difficulties navigating the site, please click to Travily from the Browse Destinations page on the Club website for further assistance or contact Travily at **support@gotravily.com**.

How long will my Travily Points be valid?

Travily points do not expire throughout the lifetime of the programme

Leaving you with the freedom to enjoy travel when you want and where you want.

Can my Travily Points be converted back to Anantara Vacation Club Points?

No, Travily Points cannot be converted back to Anantara Vacation Club Points. However, please keep in mind that there is no minimum amount of Club Points required for conversions to Travily, providing you with flexibility and keeping you in control of your points.

What if I am not eligible for the Travily Programme?

If you would like to join Travily but are currently ineligible, please contact the Owner Enhancement team at **enhancements@anantaraclub.com** for more information and assistance.

*For eligible Club Points Owners with conversion credits:

Please note that conversion credits cannot be used directly on Travily's website (gotravily.com).

However, we will reimburse your account with Club Fee Credits the month after you converted Club Points through gotravily.com.
